Impacts/Outcomes observed during the month

➤ Due to continuous awareness by NETFISH among the fishers and Associations of Visakhapatnam fishing harbour on hygienic handling of catch and ice at auction area, the boat owners association of Vizag fishing harbour avoid the entry of big vehicles in to the fish unloading jetty. Boat owners association themselves took the initiation and with the support of fishers, they are now able to control the area without the entry of vehicles.

➤ As a result of continuous awareness by NETFISH, the fishermen of Kakinada fishing harbour now use crates to carry ice without crushing it on floor.
